

Xo U Xo

oh my oh my
oh my oh my
oh my oh my
oh my oh my

they all look so beautiful
oh so beautiful

they each posed for the camera
and posted it online

I have to talk to her
right now

maybe she is single
maybe she is not

so I comment
she likes my post
oh I am so happy
now I can go on
with my day

she makes me smile
she brightens my day
until the next day

[don't you want it
bet you can't help it]

everyday
I leave her a comment
she realizes
I am her loyal fan
now things are getting hot
she leaves me an emoji
sends me a DM
so I reply

"Hiya, how are you?"
"I am great, how are you?"

"Thanks so much for the comments!"

"No problem, the pleasure is mine."

"Tee hee" I made her smile

[don't you want it
bet you can't help it
better not hold it
come and get it now--]

repeat

repeat
